DL CHEMICALS
Since 1936 Manufacturer of Sealants

REFERENCES

PROFESSIONAL QUALITY
HIGH SERVICE
STRONG BRANDS

DL Chemicals, founded in 1936, is a successful producer of sealants and adhesives. For 75 years now, DL Chemicals has only been manufacturing products with a high and constant quality level, for the professional market.

DL Chemicals offers a full range of silicones, MS polymers and hybrid sealants, acrylic sealants, PU sealants, PU foams, glues… Besides, DL Chemicals has a large range of side products such as joint tapes, cleaners, primers, bitumen-based roofing products, hydrofuges, filling guns…

On the following pages we want to give you an idea of the variety of applications the products of DL Chemicals can be used for. This is only a small representation of the many projects that have been executed with the products of DL Chemicals.
